

Newsday Article:

Irene Grzegorcryk

85, Brentwood

Stimuls Payment: \$1,200

Grzegorcryk relies on her 401(k) and Social Security and Lives with her daughter, who is working from home. Grzegorcryk volunteers with RSVP Suffolk's Community Computer Connections Program, which collects, refurbishes, and donates computers to those in need.

"I got my stimulus check and my Social Security check... on the same day, and it was really a nice surprise ... I'll put it toward the real estate taxes, and of course, we've accumulated bills because you buy everything on Amazon. You use your charge card. So it helps with that ... If there's a little left over, between the Social Security and the other, I have to pay my monthly bills ... I miss getting dressed up and going to work [at Computer Connections] ... I think of all the kids that are in school that we didn't have laptops for, and they really need them now."
